"Superior Value For A Distinctive
Wood Shake Look"

for HOMEOWNERS

- **POPULAR CHOICE...** Perfect for those who want to upgrade from standard architectural shingles.
- **SUPERIOR APPEARANCE...** Thicker than standard architectural shingles¹, Timberline[®] Prestique[®] 40 shingles feature GAF-Elk's patented "High Definition" color blends and enhanced shadow effect.
- **SAFER...** Class A fire listing from Underwriters Laboratories, the highest rating possible.
- **HIGH PERFORMANCE...** Heavyweight design and extra-strong Micro Weave[®] core make it a popular choice in the Timberline[®] series—the most popular architectural shingles in North America!
- **STAYS IN PLACE...** Dura Grip[®] adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles warranted to withstand winds up to 110 mph!²
- **PEACE OF MIND...** 40-year ltd. transferable warranty with Smart Choice[®] Protection (non-prorated material and installation labor coverage) for the first five years.³
- **PERFECT FINISHING TOUCH...** Use premium Timbertex[®] ridge cap shingles (in the West, use premium Ridglass[®] ridge cap shingles).

for PROFESSIONALS

- **MORE REFERRALS...** People will know that you're installing North America's #1-selling laminated shingles!
- **LESS CHANCE OF CALL-BACKS...** Durable, wind resistant shingle offers superior (110 mph) ltd. wind warranty!²

*Applies to most plants.

**Product is manufactured to meet or exceed ASTM D3462; values from subsequent testing will vary depending on storage conditions

The many layers of a Timberline® Prestique® Shingle

Diamond Cut™ Granules... Multi-faceted design and light-reflective construction add dimension and depth to the shingle

UV Blocker (Granules)... Protects against damaging sunlight which improves the durability and extends the life of the shingle

Color Lock™ Ceramic Firing (Granules)... Maintains the true color of the shingle longer

Dura Grip® Adhesive... Locks the shingles in place on the roof, gripping tight in even strong gale force winds

SpecSelect Grading System (Asphalt)... Use of finest quality asphalt improves weathering in harsh conditions

Micro Weave® Core... Offers a superior strength foundation that resists cracking and splitting

FiberTech® Components (Core)... Incorporates fibers that are non-combustible, providing a UL Class A fire rating

Smart Choice® ROOF SYSTEM SOLUTION

"Your Best And Safest Choice...Quality You Can Trust Since 1886!"

Leak Barrier

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

Roof Deck Protection

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

Quality Shingles

Choosing the right shingle can increase the value of your home. GAF-Elk offers you many great shingle choices, including **Timberline®**, the #1-selling architectural shingles in North America.

Effective Attic Ventilation

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

Distinctive Ridge Cap Shingles

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

Reliable Low-Slope Membranes

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.

Pre-Cut Starter Strip Shingles

WeatherBlocker™ and **Pro-Start™** pre-cut starter strip shingles provide an upgrade that can save time, eliminate waste, and reduce the risk of blow-off by tightly locking your first course of shingles in place.

Roof Accessory Paint

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

*In the "North," building code requires the use of Leak Barrier at the eaves.

GAF-Elk is a U.S.-Owned Corporation
